Mr. Phil Canale,
Memphis, Tenn.

Dear Sir:

I read your
court is going to prosecute
James E Ray for the King
slaying. I have given data
to the F.B.I., Mr. Hoovers
office, that Rev. King a
recognized communist, was
backed by an American
Crime Syndicate, however
from my knowledge, one
member of the Crime Syndicate
no doubt ordered the slaying
of King, so Abernathy would
be his man. there are 2
seperate factions in this

Crime syndicate. The Chinese faction for King & the German faction for Abernathy. However, I agree, with the findings of the F.B.I. that J. E Ray, was alone in the killing of Rev. King.

But, one must recognize underground grape vine communications of our Nation wide crime syndicate, thus the order of the death of Rev. King by the syndicate (German faction)

This makes Atty G. J Hanes correct, that the slaying of King also Robt Kennedy are the orders of the Syndicate

Mr. Haynes, will need
prostitution, this you as
prosecutor should recall,
he maybe answering to
under ground communications,
from the Chinese angle of
our Am. Crime Syndicate.
Which is directly the
answer to all 3 major
assassinations. John Kennedy
Rev. King and Robt Kennedy.
I gave these names to
the F.B.I, they are a nation
wide, American Crime syndicate.
With power in high places.
as one leader is a judge.
one a german, and one an
underworld fence, supplying
the link of foreign & under-
world criminal saboteurs.

This information went via Amarillo, Dallas to Wash. D.C. Ask Mr Homes or his top aide.

Any intelligent attorney can readily see the link between a one man crime & a syndicate, after he is given the names and methods of a crime syndicate. This syndicate is split into two factions, one is the ultra, legal and counter espionage type (the John Kennedy killer) The other, german, and nazi type, of prostitution murder. fire, explosions, when the rioting is split, the espionage type want peaceful demonstration do King. the germans want disorder, murder & fire.

Incidentally I gave the F.B.I
the name behind the
prostitution ring, in Memphis
Also a grape vine of your
city is Atty ——
You may get this data
from the F.B.I.
If you want this
information, I would
send it you, but it
must be positively
confidential, as it is
dangerous for any one
you or me to know
the name of these
men. If you receive
these names put them
in a bank vault.

Very truly
