Dear Sir

I am writing to you in the interests of both Coretta and Dexter King, and Martin Luther King.

I knew King on Chillicothe Ohio when I attended St Joseph's Academy and E St Louis Ill. And also my woman, Mrs Lucile Jones and her daughter Mrs Moore attended his church. I taught in the E St Louis Ill Public Schools for thirteen years, eight of them at the Hudson Nelson. I lived at 1416 Kentucky. My uncle Chester Smith was a car shop superintendent at Armours. I expect I knew them in Hollywood. My aunt said I was Shirley Temple and was born in Mexico.

They are saying Martin Luther King was killed on April but it was February. My husband was away I believe in Bastrop Louisiana. It was about two in the afternoon and a large human entered my field. A horse had escaped from a stock

I heard some athletic Rose. They

some moving, looking time. Some
one on a tenspeed was having a
fight, Martin Luther Kings old type car
painted shaded cream was there
and a white car, I couldn't see at all,
but I believe it was a couple. The
knees jerked up what I thought
was a mannequin but now I knew
was someone. It had no feet. The
color quickly disappeared from the
face. I saw a naked man, dead, a
dead woman and some one in my
section of human. Andre, Eric

this and by the time I was

I could see the father now walking

negro out there. Pop, we have lay
down there too trying to protect
me. And old white house we had
said came on there the day before
trying to protect me. And called

There a family fight so we
got cooked last time.

There isn't much more to say
only that I think Nannie Ruth
Judd did it. Aunt Mary said
that was all she knew but Mrs Hall

looks like her picture.

I had John F Kennedy and Betty
Arnold and Richard Hilton in school
when I taught at the Jones elem in
E St Louis, also David Fitzpatrick
who was kidnapped, this was a
Negro school.
