Dear Jerry;

I will just write a few lines to let you know everything is abot the same. I went to court yesterday but nothing much happend. Have you been on any T.V. shows lately? you ought to get Rams on one of them with you and willie, The show would be over before the crowd. They are going to try to have the trial by March 3 The probelm is the state has so many witnesses about 360 I think. The att. Gen'l argument in court yesterday was that I know what all of these people are going to say and that I can tell Groenon therefore it wouldnt be nessary for Groenon to talk to them just ask me, Im not sure if Groenon will go for that line. Tell Jack + everyone to take it easy.
