Dear Jerz;

I will just write a few lines, everything about the same. Tell coral Rhodes, I said the cord. The next time you come down I sure love you write to Curtis, I can't even get a Blood test without My first get an O.K. from Ramsey, and that usualy takes about a month. my arm bothed me for a couples of days. How's the real estate tycoon getting along? Jack was telling me that Pearson said he want no relation to you? Well I guess that about all for now. Take it easy.
