Dear Jerry)

I will just write a few lines to let you know everything is O.K. Mr. Foreman has been up here to see me all of last week, plus today, I guess he will be up here until the trial is over.
I guess you've been reading everything in the papers. I saw the next article Huie is going to run in it he accuses me of being crazy and about everything else he can think of. It smells like that first Life article. I told that Boy Dr. in Jeff. city some silliness to get to Fulton and he is Publicity it all for fact. I am going to talk to you one fuck the next time you come down about a libel suit. Well I guess that about all for now so take it easy, also tell Jack and everybody to do the same, also I don't need no money. Also maybe good idea for Ramo To file libel suit. But will talk To you about it when I see you one fuck.

Jim

P.S. IF YOU are fuck can I would like for one of yours to come down ~~here~~ in about two weeks, Bring pencil & paper as I want to give you something to write down.
