Dear Jerry)

I thought I would answer your letter, I guess you read that they postponed the trial until April 7, I look to get trial sometime in April, probly the last part. The main reason I am writing is that Mr. Noonan said he could not advise you on that contract but personly you could sign it if you wanted to, also I think I allready told you it was allright with me, as soon as you come down I also have something I want you to tell Huie, I think him and Noonan have gotten everything straighten out. Well I guess that's about all for this time, Tok it easy.

P.S. if for some reason you can't come down have Jack to come down
