Dear Jerr;

I will just write a short note, I herd on the T.V. that I will go to nashville so you can tell the attorneys. They say they will keep me locked up all the time, as I told Foreman the crowed. according to the news, Foreman, canale, and Ramsey clark had this all made up in advance, so as quick as I get to nashville I will get and attorney to see what should be done.

Don't write me here in memphis as I will probly leave here shortly, will write soon as I get to nashville. I would get Foreman to take care of these legal matters as soon as possible, I take it easy.

Send me $20.00 when I get to nashville.

Jim.
