Dear Mr. Huie

In answer to your letter as of Nov-14-1968, Because of the recent developments you mention in your letter, this will probly be a different approach to my trial, However that will be entirely up to Mr. Foreman to decide, as for any payments mite be due me for attorny fees, in view of the turn of events I would rather you not send any money to anyone including my brother Jerry or me. My reason for wanting Jerry to have some of the payments was in the event Mr Hones withdrew from the case after the trial, which he had a right to do under the contract, or if I had decided to hire a Tennessee attorny in place of Mr. Hones after the trial. I have also read an article in Sunday's paper where Mr. Hones is negotiating with life magazine to sell the defense file he was going to present at my trial, If this is so and an agent of life has confirmed the story, it would seem to effect to a considable degree your story. I will pass on to Mr. Foreman your letter to me and he will probly write you, also it would probly be best for all concerned if you should want to correspond with me for you do so through Mr. Foreman.

Sincerely

James E. Ray
