Dear Jimmy;

Just a few lines to let you know everybody is okay I received your letter last week, i waited until now to answer it as i figured i would be pretty sure if i could make it down.

If nothing goes wrong ill be down to see you this Friday between 9 & IO in the morning.

Carol, Jack, and I have been following closely the developments in the case, its been all over the T.V. plus all over the papers about James Bevel And Rev Abernathy knowing your Innocent and are being framed , I think they will have a pretty hard time doing that with Mr. Foreman representing you, plus now even the Negro leaders know whats going on.

Iam not going to write much as i have to go to work in a few minutes and i want to get this in the mail today.

As i said before Jack and Carol reads your letters, Jack read it the same day i got it.

Barring no trouble ill see you Friday.

as ever
Brother
Jerry Ray.
