Dear Jemmy:"
Just a few lines to let you know I received your letter, everybody in St. Louis are okay.
I called Mr Foreman on Christmas Day and wished him a Merry X Mas, I figured that would be better then sending him a card, we talked for awhile and he told me he was coming down to see you shortly.
Hule was up here the Day after X Mas He wanted to talk to Jack and I but I told him anything he wanted to know he would have to get it from Foreman. I didn't talk to him in person then, he called from the St Louis airport, he was on his way to Fulton and Jefferson city you can see by the envelope that I moved, Jack also moved. His address is

1982 Arsenal. I started to work Monday as a night watchmon. If everything goes okay and I keep the job I'll be down to see you in three weeks.

No I haven't been on any T.V. shows lately, after the trial I'll start taking offers. I'll take Linja on them with me just as long as she loves the road at home.

Well there isn't to much else to write about, I'll write you again as soon as I hear from you.

yes I seen that on T.V. the last time you was in court, the T.V. Reporter tried to interview Faisnon but he wouldn't say much. as ever

Brother
