Sheriff William N. Morris:
Shelby County
Memphis, Tenn.

Dear Bill:

I Thought you would want the attached for Stars & Stripes for your scrapbook. I did me good to see a familiar face in the paper 10,000 miles from home. Only thing recognizable before your mug was a one paragraph story about Curtis Person winning yet another tourney and Mike Butler's name in the box scores when the Bucs play.

One of your deputies told me during Christmas week he would look after my wife and the house (3271 Dogwood Lane, Whitehaven) while I'm in Vietnam. Appreciate it if you or Skip would call my wife, Frances, (397-7968) to make sure all's OK from law standpoint.

As I've always told you, you're my favorite guy in politics. Hope you stay in some office as long as you live. You can always count on my backing.

Bill
