MOST OF THE NATIONS PUBLISHERS OF MAGAZINES AND DAILY NEWSPAPERS HAVE BECOME PROSTITUTES. THEY'VE SOLD THEMSELVES TO MADISON AVE.

Due to the criminal negligence and political cowardice of the Congress and Federal Communication Commission, the Jews confiscated all of the 'Air Rights' (that belong to all the people) over the Continental United States. With control of the three principal Broadcasting Systems, they have bribed more than three-fourths of the daily news papers, by offering a dollar affiliation with one of three Broadcasting Systems. The week that a daily paper signs an affiliation contact, that paper does a diabolical reversal of its life time editorial policy. Often those under suspicion of Patriotism are kicked out and replaced by the gentile pimp who can loudest echo the Madison Avenue Theme Song; "HE WHOSE BREAD I EAT, HIS SONG I SING."

All National and International News from AP—IP—and UP, is never printed unless sprayed with jup. With control of this vast publicity and propaganda complex, they will tell any lie, to re-write history to their own liking. To divide and rule, these permanant agitators daily manufacture some pretense to set class against class, section against section, race against race, religion against religion. To destroy the influence of all Patriotic Organizations by subtle ridicule of the leaders of the Daughters of the American Revolution, The Daughters of the Confederacy, The Citizens Council, The Klan, The American Legion, The Birch Society, Southern Colored People who don't fall for the Communist Line, and now The Catholic Church.

OBJECTIVE REPORTING

Recently a wart doctor was tried by a military Court martial, at Fort Jackson, South Carolina. Reading the daily account of that trial in the "news," one was continuously impressed with the insinuation that the United States was a big cruel monster, full of hate and revenge, determined to persecute a poor little lovable boy, just because he was Jewish. While this traitor was daily being cannonized with the shroud of a martered hero, by the "news;" two South Carolina boys were killed on the other side of the world, fighting for their country. On the Sunday one of these boys was buried, the Communist Jews in New York marched and rioted in protest of the conviction of the "New's" darling, lovable, sweet little innocent boy.

When publishers prostitute themselves to Madison Avenue for pay; from that very day to eternity, they're assigned first fiddle in the band for the Kaughmans, Weiss, Rosenbergs, Coplons, Sobles, Golds, Piersons, Greenglass and all members of that miserable mob of race baiting traitors. When publishers prostitute themselves to Madison Ave. they shed the coat of veracity and honor, for the mercenary nakedness of objective reporting. News becomes propaganda. The dignity of a daily paper in a modern and progressive city, sinks to the level of an out-house heredity, when the editor writes letters to the editor; — like the Courtezan of Legend, designed to gain the masters favor.

NOW THE CONGRESS IS THE VICTIM OF THEIR OWN COWARDICE
FREE PUBLICITY AND CHEAP FLATTERY

Most members of the Senate and House are concubines. They've sold themselves to Madison Avenue.

For eight long sinful years the people have been the victim of the criminal negligence, and putrid cowardice, of those who betrayed their trust.

Now the Congress is a mob of crawling concubines, the miserable victim of their own crimes against the people. For free publicity and cheap flattery, they have discarded the robe of veracity and honor, of duty and responsibility; to become the pampered, ever willing concubines in the Madison Avenue harum of deception, fraud and traitors.

Legislation no longer originates in the House. It originates in the mind of some Madison Avenue Jew. Legislation, no longer is presented by a House committee. It is presented by Chet Huntley and Walter the Cronking Kite. Immediately this polyglot harum of bloated concubines become vocal, each in praise of the great wisdom of the master, each louder than the other, bidding for the favor of the master.

The enemies of this nation and the people are not in Moscow, China, Vietnam or some far away place. They are the miserable betrayers at home. In comparison to the magnitude of their crimes against the people and damage to the nation, this mob of Madison Avenue concubines would make the federal prison population look like a Sunday afternoon meeting of Cub Scouts.

No great nation was ever destroyed from outside aggression; internal corruption has been the pallbearer that conveyed every great nation of the known past, to its tomb in the graveyard of history.
