Dear Bill:

It was very thoughtful of you to write in connection with the work being performed by some of our personnel at your headquarters. Yesterday morning, in our division office meeting, I took the liberty of reading your letter to all of my coordinates.

I am sure you already know this, Bill, but I will take this opportunity to say it again; we are very proud of our relationship with your department and the City of Memphis, and we stand ready to assist you and any of your personnel at any time.

Thanks again for your thoughtfulness.

Sincerely,

R. M. Hunt
